

To Mary Jo White, chairperson of the U.S. Securities and Exchange Commission:

It's time for the SEC to finally implement the proposal requiring companies to disclose their CEO-to-median worker pay ratio. It's been five years since this proposal was passed under the Dodd-Frank Wall Street Reform and Consumer Protection Act, but no action has been taken to enforce it. I'm calling on you to finally implement this proposal.

Sincerely,

Alan Beck
