Washington, DC - Showdown on K Street

Calendar: Financial Reform Events

Created by: Sally Brzozowski

Description:

Showdown on K Street National People's Action (NPA), and our allies at SEIU, the AFL-CIO, and Jobs With Justice are calling for a Showdown on K Street. The big banks destroyed our economy and have hijacked our democracy. Corporate lobbyists representing the big banks paved the way to deregulate Wall Street and are now standing in the way of reforms that would protect people and strengthen our economy. On May 15-17, everyday people from across the country will descend on K Street in Washington, DC. K Street is ground-zero for the corporate lobbyists that are driving gridlock in Washington. Our plan is to draw a direct line between Wall Street CEOs, their hired guns on K Street, and the elected officials who have become addicted to Big Bank campaign contributions. It's time to take back our democracy. Whether you care about banking reform, jobs and the rights of workers, quality and affordable housing and health care, or sustaining our planet, we share a common foe - greedy and reckless corporations that have taken control of democracy and are the big barrier standing between us and a more just and sustainable society. Join the Movement to Hold Banks Accountable! Meet us at McPherson Square, Vermont & K Street NW, on May 17th at 11:45am. For more information, go to www.showdowninamerica.org or contact Jordan Estevao: jordan@npa-us.org

The big banks destroyed our economy and have hijacked our democracy. Corporate lobbyists representing the big banks paved the way to deregulate Wall Street and are now standing in the way of reforms that would protect people and strengthen our economy. On May 15-17, everyday people from across the country will descend on K Street in Washington, DC. K Street is ground-zero for the corporate lobbyists that are driving gridlock in Washington. Our plan is to draw a direct line between Wall Street CEOs, their hired guns on K Street, and the elected officials who have become addicted to Big Bank campaign contributions. It's time to take back our democracy. Whether you care about banking reform, jobs and the rights of workers, quality and affordable housing and health care, or sustaining our planet, we share a common foe - greedy and reckless corporations that have taken control of democracy and are the big barrier standing between us and a more just and sustainable society. Join the Movement to Hold Banks Accountable! Meet us at McPherson Square, Vermont & K Street NW, on May 17th at 11:45am. 12pm Boston, MA - Rally at Fidelity

Where: Fidelity

Calendar: Financial Reform Events

Created by: Sally Brzozowski

Description:

In-Fidelity: Rally to Keep the Banks Out of Politics! Fidelity's Boston Headquarters in the Financial District 82 Devonshire Street, Boston Monday, May 17, 12:00 Noon Over the past two years, we've seen the consequences of letting the banks set national policy. We know now that strong financial regulation is the only way to make sure our country is economically sound. But Fidelity isn't getting the message. Even though they already manage our state fund, just last year, they nearly doubled the amount of money they spent on lobbying our elected officials against financial regulation. They contributed to the campaigns of republican and democratic politicians in Massachusetts from Scott Brown to Stephen Lynch and Deval Patrick to make sure that they'll keep their say in our government. Join us on Monday to tell Fidelity that it's time for them to stop trying to get between us and our politicians -- Fidelity needs to start being faithful to the principles of democracy and keep their money out of our politics! 12pm Portland, Maine - Rally for jobs and financial reform

Calendar: Financial Reform Events

Created by: Sally Brzozowski

Description:

WHERE: Lobsterman's Park, Portland (located in front of the Temple Street parking garage and near the district offices of Senators Snowe and Collins). WHEN: Noon TODAY (Wednesday, June 30th). Participants are asked to assemble beginning at 11:30 a.m. Jesse Graham Executive Director Maine People's Alliance 207-460-3516 PORTLAND -Maine People's Alliance members join allies as hundreds rallied in downtown Portland today to urge Senators Susan Collins and Olympia Snowe to end their opposition to the Senate jobs bill. The federal jobs bill includes unemployment insurance extensions for those who have lost their jobs, as well as \$84 million in investments to help the state of Maine avoid layoffs and cuts to public services. Economists warn that the scale of the potential cuts could send the economy back into recession. Senators Collins and Snowe blocked the bill last week, citing concerns about the national deficit. "I have a message to Senators Collins and Snowe. I hope that you never have to go through what I am going through right now," said Brenda Akers of Lewiston. "Right now, I am struggling to get by. I don't know when I'll be able to find a job again. I don't know how I'm going to put food on the table. I don't know what the future holds. You say you are concerned about the deficit. But what keeps me awake at night is not the deficit - it's how I'm going to support myself and my family." MPA also want to draw people attention to another bill moving to final passage in the Senate within a week. " On behalf of over 32,000 Maine People's Alliance members, I urge Senators Snowe and Collins to VOTE YES on cloture and VOTE YES on final passage of the Dodd-Frank Wall Street Reform and Consumer Protection Act, said Jesse Graham Executive Director of MPA. The dicey schemes of big Wall Street banks caused the collapse of the economy and cost 8 million Americans their jobs and trillions of dollars in retirement savings. Wall Street speculators have made risky secret bets with our retirement accounts, pensions and college savings. It's time for Congress to put an end to the abuses that led to the financial crisis and place the best interests of Main Street, and working Americans who play by the rules, above big banks and credit card lobbyists. "My business and thousands of other small businesses across Maine are built on trust. When you walk in my door, a handshake is a commitment. We succeed by earning the trust of our customers, again and again. The big banks have broken our trust - and now instead of working to win it back, they're rubbing salt in our wounds by handing out billions of dollars in bonuses. They're not going to change unless we make them." David White MPA Board Member and Owner of Imported Car Service in Bar Harbor.
